Kadi Sarva Vishwavidyalaya
Faculty of Engineering & Technology
Second Year Master of Engineering (Computer Engineering)
(Semester-IV)
(With effect from: Academic Year 2018-19)

Subject Code: MECE-401-N	Subject Title: Mid Semester Thesis Progress Review
Pre-requisite	MECE-302-N-Dissertation Phase I

Teaching Scheme (Credits and Hours)

Teaching Scheme				Total Credit	Evaluation Scheme

Learning Objectives:
The objective of this course is
- To provide a capacity to learn continually and interact with multidisciplinary groups.
- To provide innovative methods and techniques to solve research problem.
- To interpret the research material of dissertation phase – I in a critical manner and to proceed with an analysis/simulation/experimentation and critical review.

Outline of the Course:
- Student should carry out the investigation by identifying sources of evidence, accessing those using accepted and rigorous academic methods, and analyzing and interpreting the material gathered by simulation/experimentation.
- Students need to think carefully about the time necessary to carry-out and complete their project work and the relative writing up

INSTRUCTIONAL METHOD AND PEDAGOGY (Continuous Internal Assessment (CIA) Scheme)
- Thesis Progress Review will be evaluated at least once during the semester and at the end of the semester as a part of continuous evaluation.
- Before submission of dissertation report, it is expected from a student to publish at least one research paper in a good National/International journal/conference. (UGC Approved Journals are recommended)

STUDENTS LEARNING OUTCOMES:

On successful completion of the course, the student will:

- At the end of the course the student's gets exposure to design a research investigation that incorporates appropriate theoretical approaches, conceptual models, and a review of the existing literature.
- Students will learn to structure a discussion in a coherent and convincing way by summarizing the key arguments and providing suitable and coherent findings.
- Student will be able to draw valid conclusions, relating them to the research topic.
- Students will write a comprehensive review of the literature, including a review of other dissertation research related to their study.
- Students develop a design of their study with a discussion of the methodology to be used.
- Students describe how their data will be treated and analyzed of their study.
